ESAs: 162 IC, 51 OOC

GHRF: 110 IC, 46 OOC

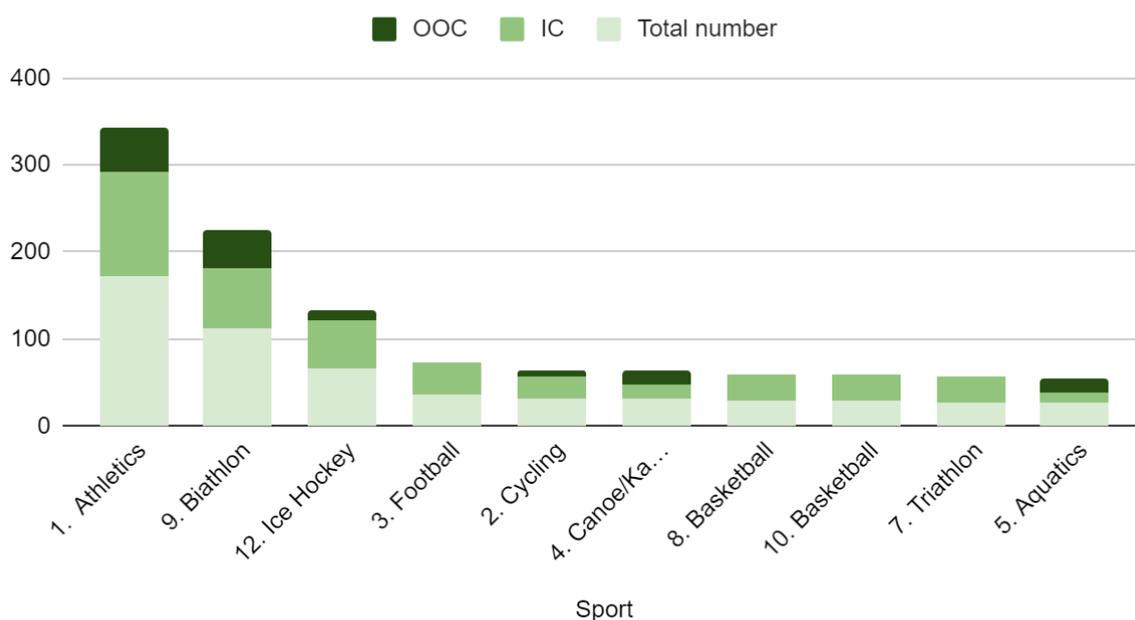

Urine tests sampling distribution

CADC carried out the most urine samples in the following sports:

Sport	Total number	IC	OOC
1. Athletics	172	120	52
2. Biathlon	113	69	44
3. Ice Hockey	67	54	13
4. Football	36	36	0
5. Cycling	32	26	6
6. Canoe/Kayak	32	15	17
7. Basketball	30	30	0
8. Triathlon	28	28	0
9. Aquatics	27	11	16

Distribution of urine tests in individual sports

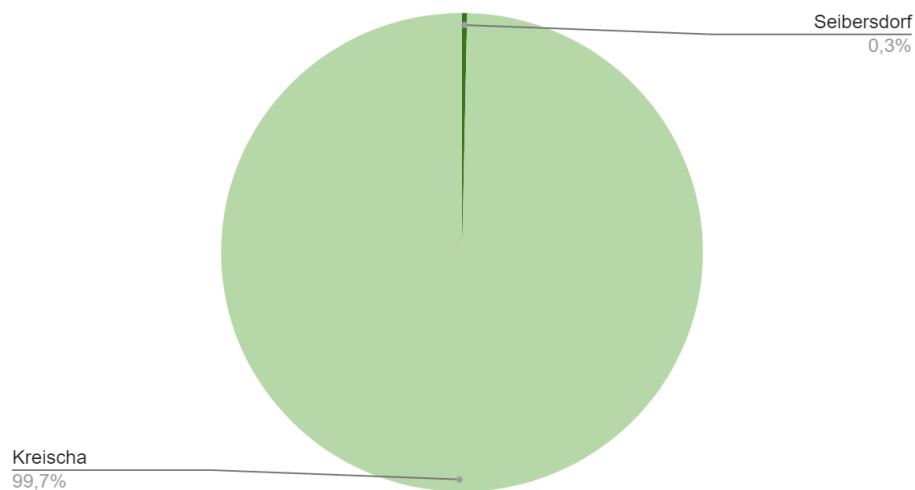

Blood tests

By 31 December 2021, CADC carried out a total of 248 blood tests. Blood tests were carried out in the direction of the Growth hormone and Athlete Biological Passport Program Analyses - Examination of blood parameters. In 2021, 61 analyses of hGH and 187 analyses of ABP were carried out.

Sample analysis

We send most of the samples to the Kreischa laboratory. In 2021, CADC sent only 4 samples to the laboratory in Seibersdorf and 1163 samples were sent for analysis to Kreischa laboratory.

Laboratories analyzing samples

2. ADAMS

Numbers of athletes in CADC Testing Pools

Below you can see the numbers of Czech athletes included in the national Testing Pools, in each quarter of 2021.

QUARTER	RTP	TP	TOTAL
Q1	37	89	126
Q2	38	87	125
Q3	41	82	123
Q4	42	82	124

Monitoring of Whereabouts information

Regarding the submission of Whereabouts information, in 2021 we did not record any Filing Failure. Missed tests were fined 9 times.

Filing Failure = 0

Missed test = 9

3. AAF

In 2021, we recorded four Adverse Analytical Findings in the sports mentioned below. In the case of Table Tennis and Field Hockey, a retroactive TUE was granted and these cases are closed. The case in Box has still not been closed and proceedings are ongoing. In the case of field hockey, an anti-doping rule violation was found and a two-year period of Ineligibility was imposed.

Sport	Substances
Ice hockey	prednisone; prednisolone
Field hockey	cocaine
Table tennis	hydrochlorothiazide; chlorothiazide
Box	dehydrochloromethyl- testosterone

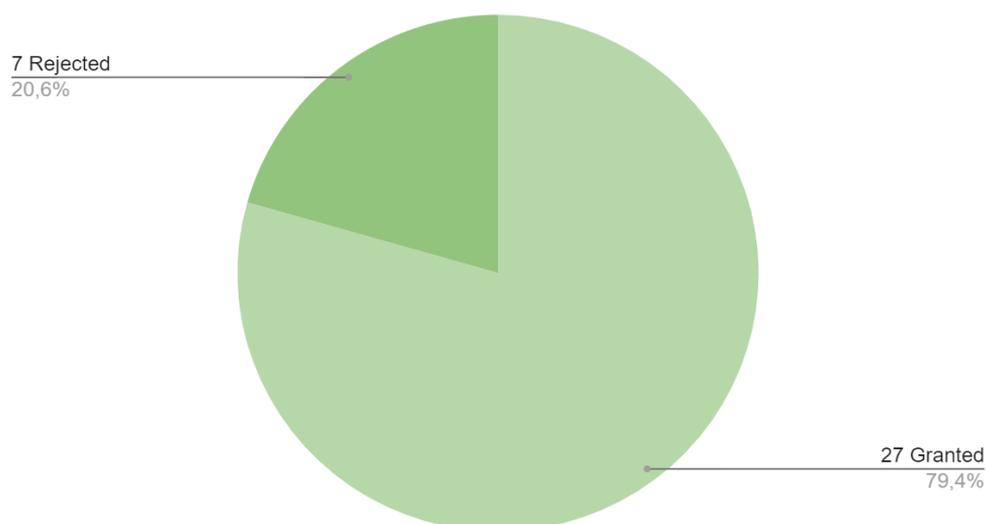

4. TUE

In 2021, CADC received 34 TUE applications, of which 27 were granted.

The number of TUE applications = 34

The number of granted TUE = 27

TUE applications

5. EDUCATION

For education we did not get any records in the period until 20. 8. 2021. From 21. 8. until 31. 12. 2021 we organized a total of 6 training-led sessions. During these sessions, a total of 129 athletes and their ASPs from our Target Groups were trained.

Date	Client/sports federation	Target group	Number of participants
21.08.2022	Czech Figure Skating Association	ILA	35
08.11.2021	Czech Badminton Association	ILA + ASP (Coaches)	25+5
13.11.2021	Czech Triathlon Association	ASP (Coaches)	45
19.11.2021	Symposium of sports medicine	ASP (Physicians)	150
19.11.2021	Motol University Hospital	ASP (Physicians, Physiotherapists)	19
